Approved HOUSE & FENCE Paint/Stain Colors

Painting or staining your home or fence (even if it is the same color) must be submitted to the ACC (Architectural Control Committee) formerly known as the D & D Committee, for approval. Please submit a Variance Request Form (available on the website) with color samples for BODY and ACCENT. The ACC will have 30 days in which to review, then approve or deny. **TRIM and GARAGE DOOR are to remain WHITE.**

Colors listed below are pre-approved, but you may also submit a color not on the list to the ACC for review. The colors listed are by Sherwin Williams and Olympic Stain, but other paint brands are also acceptable, if the colors are similar. Most stores can mix paint to create another brand's colors, if they do not have a similar color.
